I am an owner of a restaurant called Yasuyoshi in Yuzawa-machi of Niigata prefecture, Japan. I have prepared some proposals from the snowy country to you all! I will appreciate if you take a brief look. One of them is 'proposal of a diner's menus' and the second one is a 'proposal of parties (enkai)'.

I always think that it would be much more fun if I can speak foreign languages when I go on a trip. We may not be able to offer 'impeccable *omotenashi* (hosting)' but we will host you with our best efforts.

## Here are our projects for the best "omotenashi"

- We have menus in English, Chinese, Korean and Taiwanese.
- Our website (<http://www.yasuyoshi.net>) also are translated into five languages.
- We created finger pointing communication methods for four languages in case you have trouble.
- We have Wi-Fi available in the restaurant.
- It is only in English, but you can now use service at the biggest restaurant search site -GuruNavi, where an operator will take your requests and make reservations with us.
- You can also see our translated menus on GuruNavi. <http://www.gnavi.co.jp/>
